

CELEBRATE YOUR BIRTHDAY AT THE

SCAREMAN'S ROOM

ORIGIN

The Scareman's room is principally based on the Fukushima nuclear disaster, in Japan in 2011. With the help of our visitors we will be able to deactivate the bomb and save everyone.

FRIGHTENING ACTIVITIES

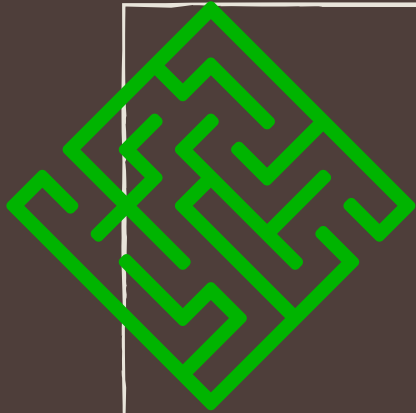

HELP US!

Have you heard of the Fukushima bomb? In our escape room you must disarm it before it explodes and destroys everything. Will you be able to pass the challenge on time?

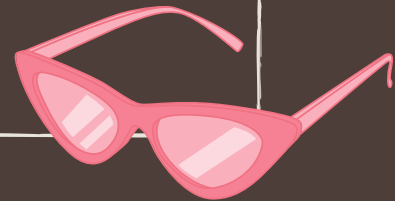

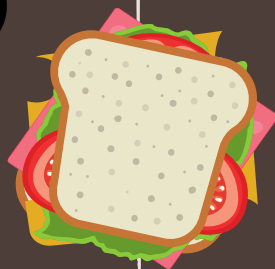

RUN AWAY FROM THE BAD GUYS

Run!! You must find the exit. Be careful, the bad guys are chasing you. They are mad because you ruined their mission. You have to escape fast or they will capture you and your friends. If you want a surprise, you will have to escape from our labyrinth.

CONGRATULATIONS

All of you've passed the game, so you can eat a huge meal. After eating, you can go to the photocall and get a picture all together and open the gifts.

CAKE?

After all the adventures, you can relax eating a huge cake, ice cream or candies while watching a movie at our cinema. You can also pick our awesome play at our theatre.

INFORMATION

All the activities will take place in Main Street, Haworth. Call us when you can and book the time you prefer. We need to know how many participants will come and what food will they want.

Manuel Luis Fernández Esteban and Emma Chinchilla
